

YOUR BLOWDRY MAPPING CHART

1. Fill out your personal blowdry mapping chart based on what you do now.
2. Then ask your stylist to review it with you and provide any special instructions.

Fine hair, by definition is thin and contains only small amounts of protein. It is especially important to support fine hair through the use of volume and/or protein building products. Ask your stylist what will support your hair and add the most volume.

Supporting the hair cuticle of fine hair with product will fill it in

Blown straight blowdrying technique in conjunction with the correct product, makes your hair reflect light, which makes it look lustrous and shiny.
